Wilson Is The Nominee

Underwood Withdraws In 45th

WILSON FOR VICE PRESIDENT

July 2.—Special to Eagle.—The end of the 45th ballot was held at the Dothan Hotel, where the name of Underwood was released. The name of Underwood was released at 4:45 p. m. The 45th ballot started at 4:45 p. m.

on the rope. Most industrious work on figures today could not see where any one of the candidates was going to get the required number of votes to win the nomination. It looks at this hour as though the convention might break its dead lock and that Wilson will be nominated. The breaking of the deadlock delegation to Wilson is reported to have been agreed upon and seventy one New York ballots may be cast for him.

MONEY IN "GARDEN" KANSAS

While watermelons, cantaloupes and sweet potatoes have been grown as a commercial crop the true truck such as radishes, early cabbage and strawberries and so on down a list too numerous to mention have been grown for local consumption only. That there is money in growing these crops as money crops, have been proven in west Alabama and east Mississippi. We have many farmers who are so located with reference to the railroads that there is no doubt that they could make more off of a few acres planted in truck crops than from a whole plantation situated in cotton. If you are located you should hear the lecture to be given by Mr. A. D. Whitehead of Greenville Ala. on Truck crops that can be grown in Southeast Alabama. This lecture will also touch on the home garden and the casual listener will no doubt learn many things that will be of use to him, next season when he starts his garden.

This lecture will be delivered during the farmers institute which is to be held in Dothan on the 17th, 18th and 19th of July. You are invited to attend whether you are a farmer or not. It will certainly be worth your time.

Mr. and Mrs. Walter Hadney of Montgomery spent today in the city.

FIVE MEN FALL 1,000 FEET FROM DIRIGIBLE BALLOON

MELVIN VANIMAN AND 4 HELPERS MET SUDEN DEATH AT ATLANTIC CITY

Atlantic City, N. J. July 2.—(Special to The Eagle).—The famous aerial navigator Melvin Vaniman and four of his crew plunged one thousand feet to the water this morning when the Akron, blew up.

The Akron had been constructed for a trip across the Atlantic and was considered the last work in a balloon construction. The flight over the meadow this morning began at seven o'clock and it was just a few minutes later when the accident occurred. The balloon fell on Brigantine Beach and rescuers who dashed two miles across inlet were unable to give any assistance. Those killed besides Vaniman were Calvin Vaniman brother of the navigator, Fred Elmore, George Boulton, Walter Geat.

Mrs. Vaniman saw the disaster from the porch of her home and collapsed and is in a serious condition. The body of Melvin Vaniman was the only one yet recovered as all of the bodies fell into the water.

UNIQUE ACT ON AT SEASIDE

A unique and interesting act is on at the Seaside Station this week in the form of a high pedestal dancer. Mr. Jack Elmore, the first of his kind to ever be seen here is appearing this week in that act and on his opening night at the Seaside Station last night proved to be quite an attraction and a dancer of a higher class than the usual run. He dances on a small pedestal highly elevated on the stage and although his space on the small he displays all the grace and the perfect rolls appreciated by the audience.

Appearing also is Mr. Ed Smalley a singer and comedian and a man that's really funny who makes you laugh all the time.

UNDERWOOD IN THE

Washington July 1.—After insisting that he is in the contest to stay Representative Underwood of Alabama tonight said he was hopeful the balloting would continue at Baltimore tomorrow. He said he thought there would be no nomination tonight.

I am not going to Baltimore unless they send for me to approve the platform said Mr. Underwood but his friends at the capitol said they expected him to go tomorrow.

The Alabama candidate expressed satisfaction over the developments at Baltimore today. He thinks Governor Wilson cannot gain many more ballots.

THE CRITERION HAS GOOD CHILDREN ACT

The three Amos Sisters at the Criterion theatre this week is one of the best children acts that has ever appeared here and is a wonderful entertainment of a high class order. The three little sisters are fine singers and their voices as young as they are blend in perfect harmony.

They sing a number of popular selections and also do some graceful dancing numbers.

They were highly appreciated by the large audience that visited the place last night and have no doubt

SEVENTEEN ENTRIES FOR MOTORCYCLE RACE ON 4TH

INTEREST INCREASES IN RUGBY EVENT HELD ON 4TH AN. OTHER PRIZES GIVEN

There are now 17 entries in the motorcycle races for the Fourth of July and the time for entering will be out at midnight tonight. The interest increases daily as the time draws near and with a dozen and a half riders on the good road it seems that the affair should be quite a success.

Owing to the fact that four high power machines the first prize will be another prize will be given which will be an A. Y. Shock Absorber for motorcycles and in a prize any rider would appreciate. For the 4 horse power machines the first prize will be a gold medal the second a silver motorcycle seat and the third will be a motorcycle clock which is a higher grade prize than the goggles offered at first.

The prizes will be shown in the window of the Dothan Jewelry Co. Wednesday.

Chap. Hides to Race

Arrangements have been made with the automobile livery men in the city to make the round trip to the races Thursday morning for 33 cents. Round trip tickets will be sold down town Thursday for 25 cents and the passenger can return on any livery car he wishes.

Be There by Ten

The races which will take place on the Taylor road, beginning at the John Bell place and going one mile southwest will begin strictly at 10 o'clock and will be absolutely free.

Spectators who arrive before 10 o'clock will be allowed to go along the course and pick out the best view points but those who are not there before 10 can not get past the starting line on the road. This is done for the protection of the riders and also to eliminate the danger of anyone being struck by a machine.

The machines will be run at 2 minute intervals therefore keeping things lively all the time. The light weight machines will run first and will be timed at each end. The will all go to the end of the course and then when the last man has crossed the line will be timed and again headed for the starting line. When they have finished the high power machines will be in the game on the 4th.

Will Organize F. A. M.

On Thursday afternoon at 2 o'clock at the court house a local order of Federation of American Motorcyclists will be organized with F. A. M. as the largest organization of its kind in America and is something like a motorcyclist's order or league.

It is said that there are only two more orders of the F. A. M. in Alabama, there being at Birmingham and Montgomery.

The organization is not limited to motorcyclists only but any one interested in the sport and entertainment can join.

JULY SERIES WITH TROY TO-DAY; DOUBLE-HEADER THURSDAY

THE GLOBE TONIC

Acts directly on the liver and kidneys purifies the blood moves the bowels mildly (without griping pain) and will build up and strengthen the entire system. Tired feeling, dull heavy headaches, fullness in the stomach, coated tongue, foul breath and a constant desire to doze are nature's timely warnings that a tonic is needed. Nothing will remove these troubles as quickly and effectively as the Globe Tonic.

It cures dyspepsia, indigestion, biliousness, constipation, rheumatism and all disorders of the liver, kidneys, stomach and blood. We have proven by your neighbors that it is a reliable standard medicine worthy of a place in your home. To convince you we will sell the regular \$1.00 bottles for 35c or 7 for \$1.00 and will refund the price if not benefited, samples free. 223 S. Main street.

WHAT HAVE YOU HEARD FROM BALTIMORE?

That's been the leading question here and probably everywhere else for the past week. The Chicago convention of the G. U. P. and the Bull Moose developments were all interesting but the Baltimore suspense is awful and everywhere you turn it's "What have you heard from Baltimore?"

The crowds are watching the bulleting and the newspapers with eager eyes but it's very little they've learned since the deadlock has been on as nobody seemed to be able to score any big amount of votes.

M. R. Lingo of Alford Fla. was here Monday afternoon and last night on business.

Hon. J. Lee Tamm was registered at the Mullin last night.

NOTICE TO CONTRACTORS

The City of Dothan will receive sealed bids until Monday noon July 8th 1912 for removing of approximately 200 cubic yards of dirt excavation said dirt to be deposited in street along and adjacent to said lot from which same is to be removed. A certified check of \$50.00 to accompany each bid. The City will reserve the right to reject any and all bids. File all bids with the Clerk of the City of Dothan.

July 2, 1912

R. W. Thornby, Clerk.

PIKE COUNTRYMEN HAVE STRONG TEAM FOR THE OCCASION

2 GAMES THURSDAY

The Troy base ball club arrived this morning for the much looked for July series on the Dothan lot. As predicted by them several weeks ago they have strengthened considerably for the occasion and bring with them what they claim to be a winning bunch of players.

Their weak places have been filled in with better players and the management decline them to be in better shape than any previous time this year.

Double Header Thursday

The first game of the series starts this afternoon at 4 o'clock. They play again tomorrow afternoon and on Thursday July 4th the big games come off when they will play a double header. The price of admission to both games at the double header will be 50 cents to the grand stand.

These games with Troy will likely be the best of the year and everyone who enjoys a good game or who has an interest in the Dothan team should attend if possible.

MISS EMILY BYRD IS TO BE IN THE CITY

This afternoon at half past 4 o'clock the Dothan Harmonie Club will hold an informal reception at the home of Mrs. J. W. Grant presenting to the music lovers of the city Miss Emily Byrd, of Oark.

Miss Byrd needs no introduction to the people of Dothan, who share the great pride that Alabama feels in her as a noted pianist and artist.

She has recently held a position in the Music Faculty at the Women's College in Montgomery and the past year she has spent in Ann Arbor, Mich. as a teacher in the University there.

In September she sails for Germany to continue the pursuit of her art in Berlin for two years.

Those invited by the club to hear Miss Byrd play this afternoon are indeed treated to a rare opportunity for musical enjoyment.

DISAPPOINTED

It was a disappointed crowd of old broken down odd re that gathered yesterday at the Judge of Probate's office for their pension war yule. Many of them do not get the money and did not know that they would be no money for them at this time and made the trip with the expectation of drawing some money.

As explained in Saturday's paper according to the auditor the pensioners have already drawn money during the first three quarters of the fiscal year than they all the year before and the fund has been exhausted.

Most of them express the opinion that it would be better to divide the amount equally and pay it out in four payments quarterly. They have to come out of the money, but just for a short or none at all at this time.

R. E. Clark, of Enterprise was in the city afternoon.

The Columbia Bridge has put up
a better appearance during the first
few weeks than it has in years

This nominating a Democratic
slab in hard work we have seen
as good men to pick from

We hardly ever hear anything here
but a case fourth of July. It is
Christmas day when we try to recall
and do something everybody is a
student of

Speaking of a house being
against that. We don't suppose
that the colored man there that
is any different. He is the whole
house with a clock line full of
dirty linen in the back yard

That St. Louis parley was
and his preference to go to Detroit
in order to live in a town that has
a window, but from will probably
have to do a good deal of nursing,
during his postcard career. It is
as easy to live up to the shirt

The colored man at the R. pub-
lic to pay the party that took him
up and brought him into town, but
now that the doctor has wouldn't
form an alliance with him. It is
possible that he is just a little
in it for the present, in put
out a man when he is running

One Florida cotton shaver to
get his old typewriter to the man-
agement of the Dothan Journal.
The P. T. U. in that and says
he can't keep his own typewriter
supplied with ribbons now. At this
distance, we sometimes wish we had
the habit here in this country of
saying "ribbons" as they do in Flor-
ida when speaking of a typewriter
operator and then we would know
whether Mack meant his machine
or the party who operates it using
so many ribbons

Small towns have their pleasure
Now if you have been living in cities
during the last two weeks think how
many extra editions of the paper you
would have been forced to buy to
keep up with the conversation. Here
in Dothan where we do well to get
out one edition a day the reading
public hasn't been educated up to
the extra edition habit and they ex-
pect nothing else. And there are
other reasons why we should en-
joy life in small towns

Who who are interested in what
over and over the fact that the
city and Mrs. Lee have recently
been reunited. You know they
were once married and then some-
thing happened, came up between
the good and and now some thing
and thing began to happen and a
result the courts separated the
Cuthberts. The society columns didn't
print it. It is not as best man but
it is extremely likely that it did
not

Who would have thought that the
New York waltzers would have to go
back to work for \$10 a month. Yes,
that is the price they receive for
and upon that was about the mid-
west work. They couldn't longer
hold out as best the price of the
tips. The only man who ever left
the head of a New York waltzer is the
million to that city who doesn't ex-
pect to remain there long and who
only at a different restaurant ever
there. He can then if he is an extra
piece of such an appearance as to
make the waltzer believe that the
tip is coming and thereby get a good
meal and good service, then he can
get away when the change is

THE MESSAGE OF
BABIES

Harper's Weekly
The first striking symptom in a
child who is almost invariably a de-
veloped change in its disposition.
Other changes are more irritable
and sulky or shows unusual friend-
liness and wants to be continually
petted. Obviously in the latter case
it is a most dangerous menace to its
owner who easily may be infected
through a scratch on the head or by
a bite during unusual playfulness.
In either case the dog soon becomes
extremely restless lying down then
about immediately getting up and
running around nervously for a few
seconds and then lying down. This
repetition it keeps up without inter-
ruption for some time. The dog is
easily startled grows and bristles at
the least provocation. The owner in
keeper who knows its disposition
will easily discern this change and
is simply shutting up the dog se-
curely for observation will obviate
all further danger.

ONE MORE IMPROV-
EMENT NEEDED

The automobile manufacturer is an-
nouncing improvements in each year's
models but the greatest improve-
ment has yet been made. They should
get out to protect a motor that
will run by kerosene. A few years
ago there was but little use for gas-
oline and it was but a by-product of
kerosene. Gasoline engines have
been brought into such universal use
by the automobile manufacturers that
now much more of that fluid is used
than for kerosene and kerosene has
become the by-product of gasoline.
The price of gasoline is not ex-
pected to decrease much. The de-
mand for it is too great while the
demand for kerosene is growing less
each day and the supply is increas-
ing.
It is said that the state of Califor-
nia alone could supply the world
with kerosene if kerosene was
made from gasoline.
If it is possible to use gasoline
and kerosene comes down the auto-
mobile manufacturers should perfect
a motor that would use kerosene
instead of gasoline. It can be done
right now and then the cost of run-
ning an automobile would be about
one half what it is now.

HOOKWORM DISEASE IN
THE SOUTH

Three years ago Mr. Rockefeller
established a scientific commission
for the eradication of hookworm dis-
eases which the investigation of Dr.
Stiles and others showed to be pre-
valent in the southern states. The
results of the work of his commis-
sion have just been published in the
second report. A survey of the in-
fected area has been made complete.
It shows that every county in
Virginia, North Carolina, Alabama,
Mississippi and Tennessee and over
a seven out of fifty-nine parishes in
Louisiana are one of a number in
Arkansas and 22 out of 119 counties
in Kentucky are infected with this
disease. It also exists in Texas,
Florida, California, Nevada, Idaho,
Utah and West Virginia.
In addition this survey that shows
exactly where the disease is found,
the commission has made extensive
efforts to inform the public regard-
ing this disease. County discus-
sions have been held in every county
where the disease has been found. In-
formation has been made free from
the state medical boards in each state
and the public has been informed
by lectures, bulletins, posters, ex-
hibits and films just as exhibited
and instruction in the public schools.
The danger of this disease is that
it is the most serious in its effects
and it is the most common in its
distribution. The result is that
while the people are not at first
bowed down by the disease, they are
doomed to the public disgrace and
financial loss. In some cases it
causes complete paralysis and in
others it causes mental and physical
debility. The commission has been
very successful in its work and the
public is now better informed than
ever before. The commission has
been very successful in its work and
the public is now better informed
than ever before. The commission
has been very successful in its work
and the public is now better in-
formed than ever before. The com-
mission has been very successful in
its work and the public is now bet-
ter informed than ever before. The
commission has been very successful
in its work and the public is now
better informed than ever before.

NATURE HAS NO USE
FOR THE QUIETER

SOCIALISM A sincere, southern
man, benevolent theory, which has
one objection and that is, it will not
work.
A plan by which the inefficient
and irresponsible inefficient employ-
ed and unworthy will thrive without
industry, persistence or economy.
An earnest effort to get Na-
ture to change the rules for the ben-
efit of those who are tired of the
game.
A social and economic scheme
of government by which man shall
fetter rather than labor.
A survival of the fittest.
A device for swimming with
out using one's own strength.
Participation in profits with-
out responsibility as to deficits.
An arrangement for destroy-
ing initiative invention creation
and originality.
A revolution passed by a com-
mittee as a substitute for work.
—Elliott Hubbard

EAGLETTES

The people of this country used
to burn lightwood knots for lights,
and later they found it wouldn't
burn them to buy kerosene. Now
many farmers have their houses
saturated and keep their barns in a
satisfactory condition almost perishing
the fire to death.
If there is anything in this world
that makes one heart beat
with sympathy it is to see the poor
man and his very old wife work-
ing down town who are absolutely
unable to buy the things they need
for a comfortable life. There is
one thing that gets up more sym-
pathy. It is the boy who thinks he
ought to buy the drink and join in
it. He is a little bit of a spend-
ing man.

It doesn't take much of a vote key
to put a change in some enterprises.

After age thirty few people see
any fun in parties.

"Figure It Out For Yourself"
You carry Fire Insurance—and why?
Because of the danger of sudden loss.
Because it protects you against this uncertainty, although your buildings
may never burn down.
Do you protect them against decay—against the weather—against the dead certainty of
depreciation resulting from allowing them to go unpainted. Why not?
Paint Insurance is worth even more to you than Fire Insurance—yet is often
sadly neglected—and you are the loser.
MASTIC PAINT for 33 years has proven the "real protector"
of buildings. For quality—service—economy—and beauty of
finish it has no equal. Ask for color card.

SPECIALTY DRUGS FOR WOMEN

MEAN STIRRED HORNET'S NEST

Baltimore, Md. July 1.—When the Democratic national convention began its sixth day's session today there was no prospect of an imminent break in the deadlock over the presidential nomination.

The twenty-seventh ballot was expected to show whether Speaker Clark had won any of the delegates who had deserted him in his statements denying Bryan's implied accusations that New York's votes place him under obligation to the moneyed interests.

Wilson's chances were believed on his ability to continue the steady gains his vote has shown all along, especially since Bryan threw him his support.

Many leaders thought it likely that the convention would wind up things during the day.

There was no denying that Bryan's attack on what he termed the agents of the interests stirred up a hornet's nest and it was a question how long it would be before the strings could be withdrawn.

Mr. and Mrs. J. J. Kilgus of Ann Arbor, Mich. spent last night here enroute to Panama City.

DON'T Forget Those

TO SUCCEED WITH LIVE STOCK

If there is any one special branch of farming to which this section of Alabama is adapted it is the raising of live stock. Here in sufficient quantity to supply the home market at present being raised. Many more will be grown when the peak of the season is started in Dothan.

Strive to relate this section in spite of splendid growing and the fact that they need little or no shelter the year round buys practically all of its mules and but in the west it is a crying need of the South that we produce at least the mules we use and the cattle we consume.

That both can be grown here is a nonchalance is a well known fact. It behooves the farmers of this section to get in closer touch with the live stock business and make an effort to keep this money that is now being sent to the west at home.

During the farmers institute that is to be held in Dothan on the 17, 18 and 19th of July Dr. C. A. Gray State Veterinarian of Alabama will talk on Live Stock in Alabama with special reference to the needs, advantages and adaptability of this line. We hope that our farmers will realize the importance of Dothan will be present and listen to this lecture.

Summer coughs are hard to get rid of and frequently lead to asthma, bronchitis and hay fever. Do not let you cold get a hold on you but use Foley's Honey and Tar Compound for quick relief. W. H. Allen, Chelsea, Wis. says: "We prefer Foley's Honey and Tar Compound to other cough medicines because it quickly cures coughs and colds. It will ward off a cold if taken in time. Contains no opiates." For sale by N. H. McCallum.

Rub My Throat will cure you. 12c

Don't keep the upper lip too stiff. You might want to smile.

He's slow but he's sure which is to say he works best in low gear.

This is the season of the year when the martins are nesting in the string of gourds hanging from the cross arm of a tall pole about the farm house. Every farmer believes martins keep the hawks driven off but the old hen will take no chances.

Rub-My-Flam will cure you. 12c

In these days of high cost of living a medicine that gets a man up out of bed and able to work in a few days is a valuable and welcome remedy. John Heath, Michigan Bar, Cal., had kidney and bladder trouble was confined to his bed unable to turn without help. I commenced using Foley Kidney Pills and can truly say I was relieved at once. His example is worth following. For sale by N. H. McCallum.

An increasing number of people report regularly of the satisfactory results from taking Foley Kidney Pills and commend their healing and curative qualities. Foley Kidney Pills are a carefully prepared medicine guaranteed to contain no harmful or habit forming drugs. They can have only a beneficial effect when used for kidney and bladder troubles, for such as rheumatism, backache, or lumbago. For sale by N. H. McCallum.

A NEW SCHOOL OF MUSIC

Mrs. J. H. Cole, who will open a Studio of Music July 1 comes with many testimonials concerning her result in teaching Voice and Piano.

She has prepared for her profession with some of the most celebrated European teachers, being a pupil of Capponi, Bazzani and Oscar Sangre of New York City. Involvement in Pianoforte, Hugo Kahn, impressionist and interpreter and the most successful teacher of the pure Leschetizsky system of technique have made Mrs. Cole a teacher of unusual efficiency.

Mrs. Cole is also the only teacher in Alabama of the fine Dumbell System of Pianoforte for children. A pupil of Mrs. Cole, won in the State contest in Pianoforte against contestants representing 170 High Schools of Georgia last year.
